SUPERTUNIA® Bermuda Beach *Petunia hybrid* <sup>Kerversalm</sup> USPP19329

# Consumers Will Be Looking for Our Combinations

## Be Ready to Meet the Demand

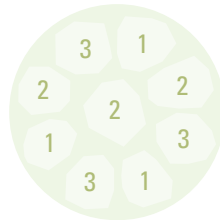

With millions of consumers seeing and hearing about Proven Winners plants and combinations through our extensive advertising campaign, you'll want to be ready to meet the demand – and not only for Bermuda Skies, our nationally featured combination shown here, but for scores of other vibrant, vigorous others.

We've researched what gardeners want, and we've put together their favorites. Our *Container Design Guide* makes it easier for you to capitalize on container sales by creating easy, successful, and popular combinations.

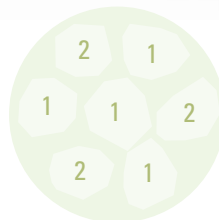

Consumers tell us that purple is tops in the garden. And with the Proven Winners lilac to lavender to plum line-up, you can see why.

**Geneva Terrace**

- 1 SUPERTUNIA® Bordeaux  
*Petunia hybrid* 'Lanbor' USPP16144 Can2532
- 2 SUPERTUNIA® Royal Velvet  
*Petunia hybrid* 'Kakagawa SZ8' USPP13887 Can1039
- 3 SUPERBENA® Large Lilac Blue

# Holiday Happenings

Outdoor celebrations are a rite of spring and summer. You can appeal to consumers who want to dress up their outdoor living space for holidays and family events by offering celebration-themed containers and hanging baskets. From Mother's Day and Easter to Fourth of July and Labor Day, there are many reasons to change out retail displays to provide consumers with easy ideas for holiday decorating.

Make your display a prominent one, and be sure to have plenty of matching containers and hanging baskets for multiple purchases.

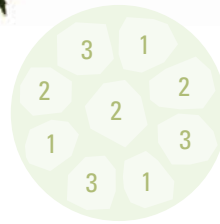

And don't miss out on the opportunities that graduations, weddings, and birthday parties also present for additional combination sales. When you make it easy for consumers to pick up a beautifully designed combination that is the perfect color for their celebration and that they don't have to wait to grow, you will also have the added bonus of appealing to impulse buyers.

# Growing Tips and Information

## Recommended Plant and Grow Combinations

### 2

#### Variety Combos

Supertunia® Minis Petunia /  
Superbells® Calibrachoa

Superbena® Verbena / Illusion®  
or Sweet Caroline Ipomoea

Lucia® Lobelia /  
Sunsatia® Nemesia

Symphony Osteospermum / Supertunia®  
Petunia (*day-length neutral varieties*)

Nemesia fruticans /  
Soprano® Osteospermum

Babylon® Verbena / Flying Colors® Diascia

Supertunia® Pretty Much Picasso® /  
Illusion® or Sweet Caroline Ipomoea

### 3

#### Variety Combos

Supertunia® Petunia / Symphony  
Osteospermum / Sunsatia® Nemesia

Flying Colors® Diascia / Nemesia  
fruticans / Soprano® Osteospermum

Superbena® Verbena / Intensia®  
Phlox / Helichrysum

Superbells® Calibrachoa / Supertunia®  
Petunia / Superbena® Verbena

Snow Princess® Lobularia /  
Supertunia® Petunia / Illusion®  
or Sweet Caroline Ipomoea

## Proper Crop Time

Avoid giving baskets too much crop time. For 10-inch baskets, 8 to 10 weeks is ideal; for 12-inch baskets, 10 to 12 weeks is best.

## The Word on Fertilizer

Remember to have your water tested before fertilizing to ensure that you are making the right fertilizer choice. In most cases, constant 200 ppm N is the best option. Slow release can be used to help in outdoor growing plans.

**Perform a pre-season water test to select fertilizer and a random soil test at time of hanging**

## Filling Out the Container

Use 4 to 6 liners for 10-inch to 12-inch containers and 6 to 8 liners for 12-inch to 18-inch containers. Using fewer liners will mean additional crop time or containers that do not fill out properly.

## More Liners = Blooms<sup>2</sup>

## Hangin' On

Do not hang baskets under gutters. For best results, baskets need space, good air movement, and adequate light, and they should not be dripped on heavily.

# H<sub>2</sub>O

## Proper Watering for Hanging Baskets

- Make sure each basket has drainage.
- Remember that coco fiber, moss, and terra cotta baskets will dry out much faster than plastic.
- Age of plant and size of basket dictate water needs. When young and rooted in, water two times per week; in favorable spring weather water once or twice a day in the greenhouse.
- Water until water comes out of the bottom of the basket. This helps to leach out salt build-up and to maintain proper EC levels.
- The larger the basket, the more soil volume so the less often it needs to be watered.
- If you are using a water retention soil additive, be sure to control water early in the basket cycle.

## Did You Know?

You can access specific growing information on any Proven Winners plant by visiting the Professional Growers section of our website at [www.provenwinners.com](http://www.provenwinners.com). Our entire Cultural Guide is also available online.

[www.provenwinners.com](http://www.provenwinners.com)

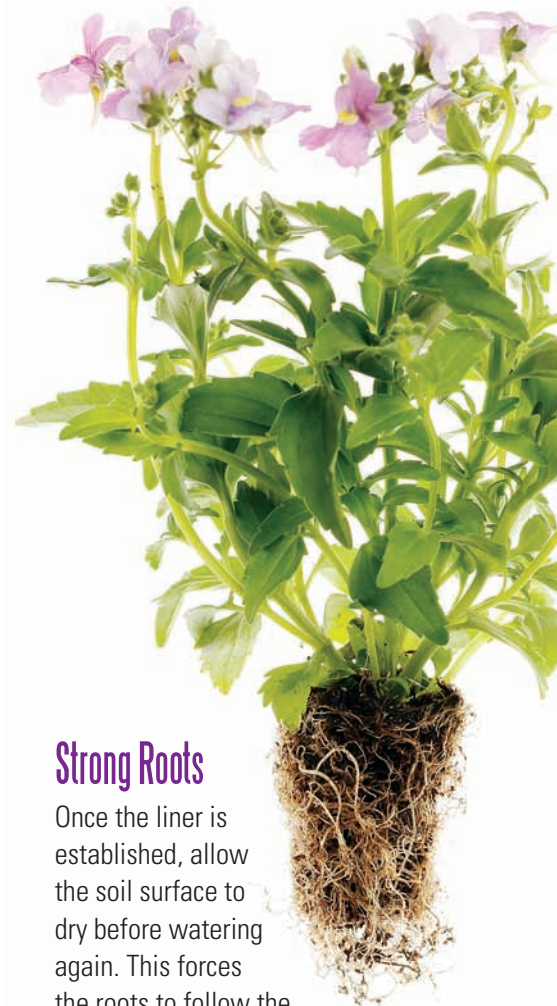

## Growing Cold or Warm?

Do not water containers heavily at the time of planting and then move to a cold environment. For best results, water lightly and more often and grow warm until rooted into the container. When well-rooted, the plants can often be grown cooler.

## Finishing Touches

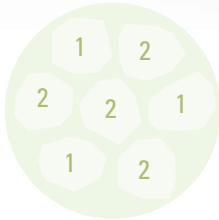

- Apply Florel® to most baskets 2 weeks after planting and then hang. Do not apply Florel® to Torenia.
- A pinch 3 to 4 weeks after planting bulks up the plants and encourages branching.
- If baskets are going into warmer poly areas, it is best to spray 10 ppm of Sumagic® 2 weeks after planting and just before hanging.
- When plants are <sup>3</sup>/<sub>4</sub> their full size, use a Bonzi® drench (1-3 ppm in North; 2-5 ppm in Central; and 5 ppm in South) to help baskets hold their size and shape in the greenhouse and at retail. Do not use on Diamond Frost®.
- Cool temperatures can be an effective growth regulator.

## Strong Roots

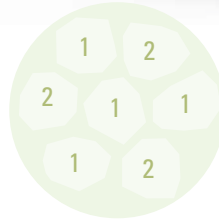

Once the liner is established, allow the soil surface to dry before watering again. This forces the roots to follow the moisture down in the container building a strong root system.

### Captivating

- 1 'Sweet Caroline Sweetheart Light Green'  
*Ipomoea batatas* USPP18572 Can2901
- 2 SUPERTUNIA® Sangria Charm  
*Petunia hybrid* 'USTUN34803' USPPAF CanPBRAF

### Midnight Magic

- 1 'Sweet Caroline Light Green'  
*Ipomoea batatas* USPP15028 Can2975
- 2 SUPERTUNIA® Indigo Charm  
*Petunia hybrid* 'USTUN29801' USPPAF CanPBRAF
